DEEP FREEZE THERAPEUTIC PAIN RELIEF GEL

For human athletes

CH-2485 4 oz., roll-on, 6/cs

- 1: Created by a world renowned botanist- chemist and the creator of BIOFREEZE who demonstrated the benefits of "cryotherapy" through a topically applied product.
- 2: DEEP FREEZE pain relief gel when applied to an area on the body offers targeted pain relief with the benefits of "cold therapy" to treat the following:
 - (a): Athletic and muscle related Injuries
 - (b): Sore or strained muscles
 - (c): Shoulder and arm pain
 - (d): Hip and leg pain
 - (e): Back pain
 - (f): Painful joints
 - (g): Ankle or foot pain
 - (h): Bruising and arthritis pain
- 3: The cold sensation created by the application of DEEP FREEZE provides a neurological benefit by sending a signal to the brain faster than a pain signal, which provides temporary relief from pain.
- 4: In addition DEEP FREEZE Pain Relief Gel penetrates deep, stimulating increased circulation to the area It was applied which aids in the natural healing process.
- 5: DEEP FREEZE Pain Relief Gel achieves all of the stated benefits above without being sticky or greasy and does not stain and has a scent that rapidly disappears.
